Seeing Your Marriage Through the Eyes of God

by Gary Thomas

When a marriage is good, it benefits the whole family.
Here are some questions that you and your spouse can answer together
to help build and strengthen your marriage.

1. When people see how we interact with each other do they see God?
2. What does God get out of our marriage?
3. What if God didn't design marriage to make us happy but to make us holy?
4. Do we really want to face God someday and say, 'I'm sorry, but the daughter/son of yours that I married was not good enough for me?'
5. How do I / we bring God's Kingdom into our house?
