

## The Spotlight - April 2022

Though life continues for all of us with various twists and turns needing our time and attention, we're sure that like us, the war is never far from your mind. You've probably struggled with how best to help those suffering, but nothing really seems sufficient. We know some people have given up their everyday lives to go to the front line to help Ukrainians, but that's not possible for the majority of us, so what can we do? Well, of course, we can pray and continue praying because in prayer there is power. We may not feel that our prayers being uttered from afar are making any difference, but such thinking is planted by the enemy, for it's not in line with God's leading.

In fact, fighting the real enemy, the devil himself, is seen by all in the leadership team of The Little Church World as the key battle and one that we're strongly leaning towards going on the offensive in a major way.

Many of you prayed for Pastor Tham in his final days last year, but not many of you knew him, so let us tell you that he was a Malaysian pastor who spent his life fighting on the front line - the spiritual front line. Malaysian Christians are generally more tuned into the enemy's schemes and manipulations more than those in the west, and they're not afraid to stand up to him. This is surely because they have absolute faith in God's promises. Pastor Tham travelled around Asia fighting the spiritual forces of evil in the lives of those in need of help. He was a giver in life and not a taker and we feel privileged to have known him. In fact, so much so that when an idea was run by us that we might consider helping to raise up more people like him, primarily in Malaysia, where their knowledge of the spiritual battle gives them a head start, we were instantly moved to support the idea. As we are all volunteers, 100% of all TLC World income has always been used to support a wide variety of ministries with gifts have blessed people in many countries, but of course, if we are being called to raise up pastors to become front line spiritual warfare fighters, we'll need to not only accept donations as we currently do, but also to actually start raising funds, too. Of course, we want this to be a God idea rather than just a good idea, which is why we're praying for His leading and we'd really appreciate your prayers for us in this regard.

As always, we leave you now with links to messages shared in TLC World this past month.
