

The Spotlight - October 2022

As summer draws to a close in the northern hemisphere, we find ourselves in West Palm Beach, Florida. However, this was no accident nor a jaunt, but rather a perfectly executed plan to be here for the arrival of our sweet grandbaby featured in the photograph above. Madison Claire Nickell was born on the 14th September to our daughter, Abigail, and son-in-law, Chris. Although Madison arrived almost a week early, she weighed 9lbs 2oz and came with as sweet a nature as anyone could wish for! It probably goes without saying that she's already won the hearts of loved ones on both sides of her family.

We will stay in Florida until early November, but as to where we will move next, well, all we can say is that God is still in the process of unfolding His plans for us which, of course, means that we don't yet know! Following an offer from a university in Budapest in September, we thought we might be heading there, but that seems less likely now. All being well, it won't be too long before we can say where our next base will be and as this will affect how we serve the Lord, we pray with the belief that we'll receive clarity regarding our ministry calling too.

As always, we leave you now with links to the sermons featured in TLC World since our last newsletter. Just click on any that appeal to you or which you didn't catch the first time around to be taken directly to the message featured.

*Every blessing,
Jim & Elaine*

But they who wait for the LORD shall renew their strength; they shall mount up with wings like eagles; they shall run and not be weary; they shall walk and not faint.

(Isaiah 40:31)
